In August 1952 a lorry No.M.D.C.2520 belonging to the Government Silk Filatures Kollegal intended for the transport of Cocoons from the Cocoon markets to the Government Silk Filatures, Kollegal, broke down on account of some major trouble in the engine and it was found that the cyclinders bore had to be rebored, the crank shaft had to be ground and certain valves, piston rings, main bearing etc., had also to be replaced. The Sericultural Expert contacted several workshops in Bangalore and entrusted the work to an experienced engineering works in Bangalore for executing the repairs early.
